MicroCloud

Microperforated Cloud system

Microperf Closeup

RealAcoustix is proud to announce that select models of its extensive cloud line of products is now available with microperf veneered or painted finishes. This adds a high NRC value to the already superior reflective performance of the WaveMC, WavePM and WaveFM series of clouds. Available in both .55mm and 1mm hole sizes, as well as different sizes and configurations of clouds, the MicroCloud system is fully adjustable to your needs. Call us to discuss your design requirements.

ASTM E84 Class "A" fire-rated NRC: .87 (2" version)

Contact RealAcoustix for more information and samples of the MicroBaffle.
